With its refined exterior design and latest in-car connectivity, the New Toyota C-HR continues to defy convention. Find out more on our website. The results that Canete released showed that of the 22 deaths being investigated by the CHR, only those involving the four police intelligence officers in the municipality of Ayungon and the two former rebels in Zamboanguita were allegedly possibly perpetrated by the NPA. CHR Food Service Equipment is one of the UK's largest and most respected providers of quality catering products. Our established procurement network ensures that our customers get the best value possible. The Toyota C-HR (Japanese: ??? C-HR, Hepburn: Toyota Sh?eichi?ru) is a subcompact crossover SUV produced by Toyota. The development of the car began in 2013 that was led by Toyota chief engineer Hiroyuki Koba. The production version of the C-HR was unveiled at the March 2016 Geneva Motor Show and started production in November 2016. It was launched in Japan on 14 December 2016.
