We offer over 40,000 homeschooling and educational products at discount prices, while providing friendly customer service and homeschool consultants to answer your curriculum questions. Please note that the Educational Aids website is a constant work in progress and does not represent the entire range of products available in store. The sequence of numbered patterns gets increasingly difficult as children manipulate 32 geometric shapes and build pictures. The first 20 puzzles provide prompt and clues in the picture to assist a child in selecting the correct shapes, but the last 10 are without clues and are the most challenging of them all. Hi Becky! You are so in luck because I am just about to do this very thing and document it on my blog, starting at the end of January. My plan is to share my letter of the week activities with my little guy who turns 3 tomorrow.
