

Download Himalayas: Environmental Problems

Himalayas, Nepali Himalaya, great mountain system of Asia forming a barrier between the Plateau of Tibet to the north and the alluvial plains of the Indian subcontinent to the south. The scale of environmental issues can seem daunting. But do not fear, here are 10 simple things that you can do to help the environment. 1. Be informed One of the best things you can do is to stay up to date and informed with what is happening around the world, and here in the UK, to our Milk production takes place all around the world. Global demand for dairy continues to increase in large part due to population growth, rising incomes, urbanization and westernization of diets in countries such as China and India. Tigers are native to Asia, and historically they had a distribution from the Caucasus and the Caspian Sea to Siberia in the north and Indonesia and even in Borneo and the Philippines in the south, populating most of Asia and the Indian subcontinent.
