Astronomy (from Greek: ??????????) is a natural science that studies celestial objects and phenomena. It applies mathematics, physics, and chemistry in an effort to explain the origin of those objects and phenomena and their evolution. Indian astronomy has a long history stretching from pre-historic to modern times. Some of the earliest roots of Indian astronomy can be dated to the period of Indus Valley Civilization or earlier. The Electric Universe By Wal Thornhill. We live in an electric world. Our cities are visible from space at night, blazing with electric lights. The electricity courses invisibly in the darkness over great distances along thin power lines.
