The indigenous peoples of the Americas are the Pre-Columbian peoples of North, Central and South America and their descendants. Although some indigenous peoples of the Americas were traditionally hunter-gatherers—and many, especially in the Amazon basin, still are—many groups practiced aquaculture and agriculture. The region may be divided into several broad physiographic regions. The northern portion of western Africa is composed of a broad band of semiarid terrain, called the western Sudan, stretching from the Atlantic Ocean on the west to the area of Lake Chad on the east, a distance of about 2,500 miles (4,000 km). The Preamble of the U.S. Constitution—the document's famous first fifty-two words—introduces everything that is to follow in the Constitution's seven articles and twenty-seven amendments.
