

# Download Like Your Neighbor

Of course, it could just be the sound of you in your yard, or even your smell. If blocking the dog's view won't work, it's time to kill them—wait for it—with kindness. We promise to always provide the good news to you and do our best to keep you informed. Not everything will fit into the paper but we have our website we hope to keep updated and we also have our Facebook page.
